

# 25 years after *Our Stolen Future*: What have we learned about endocrine disruption?

**June 10, 2021**  
**1:00pm – 4:30pm EST**

**REGISTER BY**  
**June 7<sup>th</sup>, 2021**

<https://stcweb.ca/webinar-10june21/>

1:10 – 2:00 pm

**Keynote: Pete Myers** *Environmental Health Sciences*  
*1996 to today, and into the future: Our Stolen Future*

2:00 – 2:25 pm

**Dr. Stephane Bayen** *McGill University*  
*Tracking endocrine disrupting chemicals using targeted and non-targeted analytical approaches.*

2:25 – 2:50 pm

**Dr. Chris Martyniuk** *University of Florida*  
*All you can EATs? Novel mechanistic insight into endocrine disruptors from computational toxicology and ecotoxicology.*

3:00 – 3:25 pm

**Dr. Vikki Ho** *University of Montreal*  
*Challenges and future directions in epidemiologic research of EDCs in cancer etiology.*

3:25 – 3:50 pm

**Dr. Gunilla Öberg** *University of British Columbia*  
*How to cope with diverging scientific thought styles – challenges and perspectives related to endocrine disruptors*

3:50 – 4:30 pm

**PANEL DISCUSSION**

**STC and ICEDA Members: Free | Non-Members: \$50 CAD + tax**
