OUR MISSION

Create a community of toxicologists and support dissemination of fundamental and basic to applied, clinical and regulatory toxicology

- ▶ Society of Toxicology of Canada (STC) is a non-profit professional association representing Canadian toxicologists in the three sectors:
 - Academia
 - Government
 - Industry.
- ▶ The STC, formerly the Canadian Association for Research in Toxicology, was founded in 1964, and has evolved as the premier national organization of toxicologists.
- ▶ The STC business is governed by the elected Board of Directors representing the three sectors, and the Secretariat.
- ▶ As a founding member of the International Union of Toxicology (IUTOX), STC extends its presence and activities internationally.

OUR VISION

Promote, facilitate and encourage knowledge in the science of toxicology

ADVOCACY

Adherence to the universality of science in providing and disseminating evidence-based knowledge in the field of toxicology.

MEMBERSHIP

Affirm inclusive membership and free circulation of bona fide scientists and trainees.
